LAPRAIRIE

An extensive municipal village and parish of the south shore of the St Lawrence, between the Lachine rapids and Victoria bridge, district of Montreal. Incorporated March 30th, 1846. The parish was erected on the 17th November, 1668. A market is open every day. An aqueduct is constructed. A steamboat maintains regular communication between Montreal and Laprairie. A branch of the Grand Trunk Railway, starting at Fort Covington, in the State of New York, to reach Victoria bridge, now runs twice a day in close proximity to the village, with a good station and depot. There is also a fire station, thoroughly supplied with new fire apparatus. A permanent wharf has been erected. A new channel is also made up. Great North-Western Telegraph Company has an office here.
